

SINDHI INTERNATIONAL SCHOOL (CBSE) COIMBATORE

**PROSPECTUS
2023 - 2024**

**Fostering young minds
through knowledge**

Overview

Knowledge Empowers Universe :

Sindhi International was established in the year 1990, located on a spacious, eco-friendly campus. We offer a complete education programme, starting from KG to grade XII.

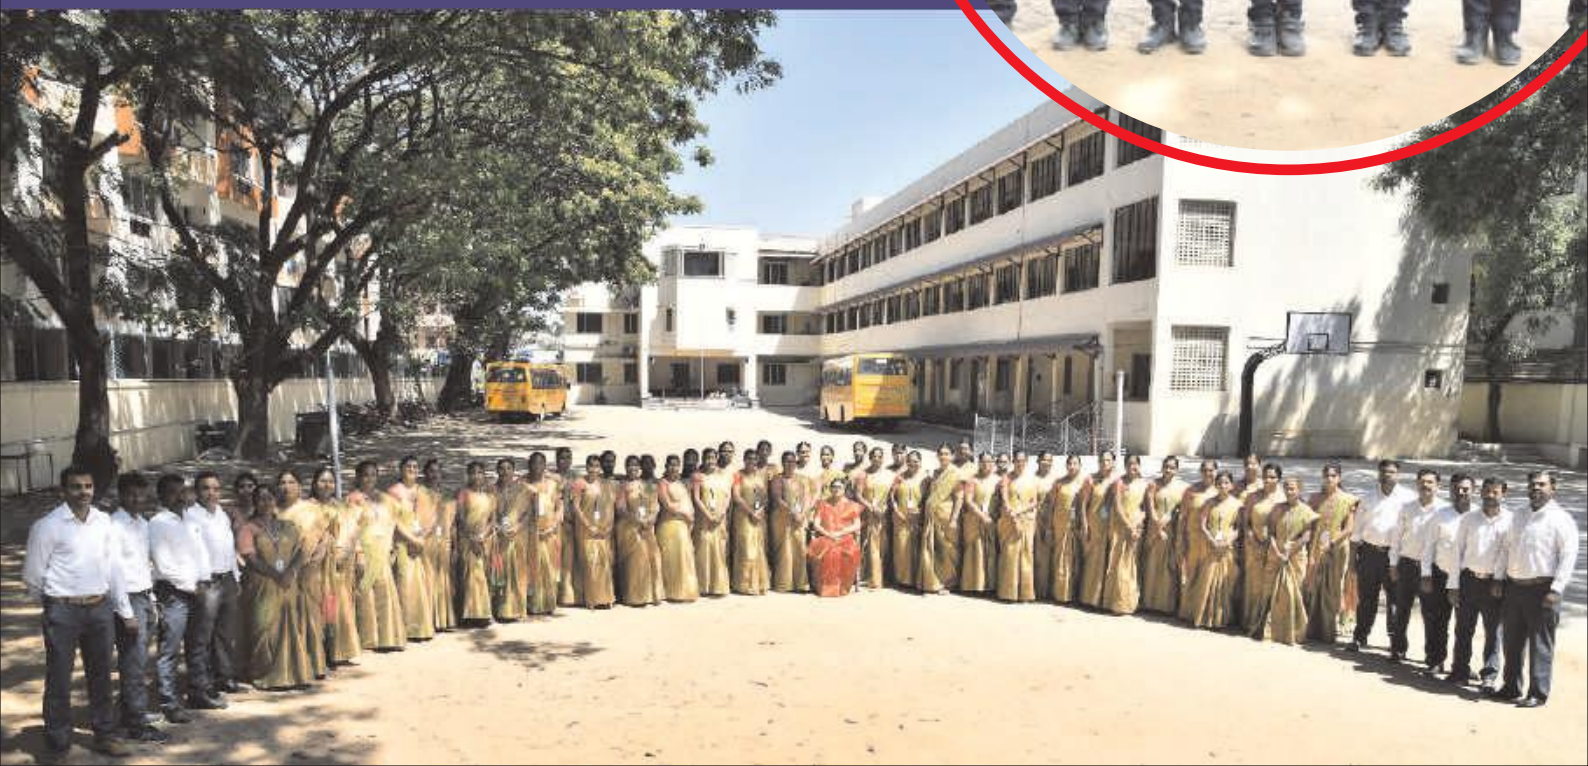

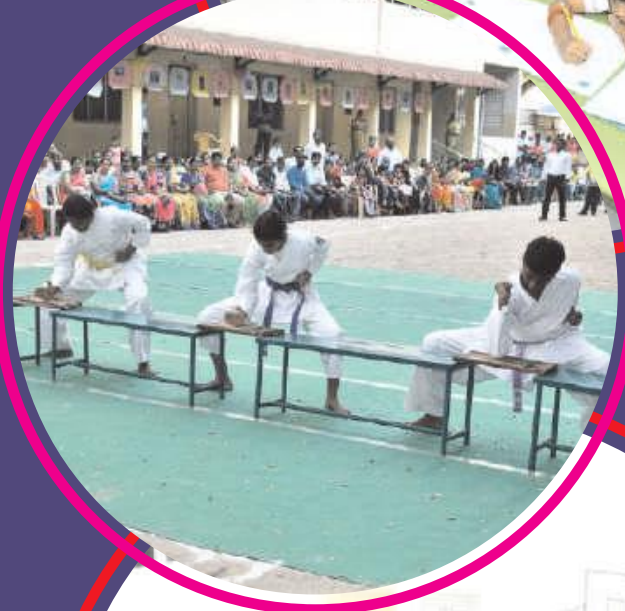

Our Vision :

Pursuit of excellence, experiential dedicated commitment towards quality education to common people.

Founded and managed by distinguished members of society, culture from various walks of life, the school trod on the path of progress with their visionary approach and lofty ideas. The school provides best possible management committees who are our constant beacon and source of strength, infrastructure and facilities for better education to the children without undue of parents.

Our Motto :

Knowledge and punctuality for a bright and harmonious life. To provide child centred education system, with a focus on all round development of each child. To ensure that successful, enthusiastic and inspirational teaching curriculum is important to every Sindians. To provide a healthy and balanced support system with clear moral foundations for all ages. Enable, encourage and endorse each child to initiate a life -long pursuit of learning, discovery, innovation, exploration and expression.

Administration

Education is not an art of information that is put into one's brain but it is the process by which character is formed, strength of mind is increased and intellect is sharpened as a result of which one can stand on one's own feet.

We at Sindhi International are moulding the students into a wholesome personality inculcating values in a disciplined manner because,

"Discipline is the rudimentary thread of the learning cloak"
My blessing to every Sindians.

"Education is not the learning of facts, but the training of the mind to think"

- Albert Einstein

As the Principal of the school, I feel honoured and privileged to be part of an educational institution where everyone is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners, where everyone learns including our teachers, parents & staff.

I believe in upholding high standards with an absolute commitment to strive to understand and improve the educational process, using team strategies, while wholly centering on student achievement.

Our staff fruitfully employ two diverse strategies that are of Love and Logic to foster a positive learning environment for all our students. Love and Logic may seem like two contrasting forces. While love helps nurture trusting relationships, where students feel respected, appreciated and loved by the teachers, logic helps develop in students personal responsibility, self control, good decision making skills self confidence, and character building with high moral values. Our children's learning involves and revolves around an effective partnership between home & school. We know the stronger the partnership is the more our children will benefit.
